HOLISTIC SECURITY
SOLUTIONS

Make Your City Safe (MYCS)

The world around us is changing and so are our security needs. The cities we live in today are not designed for our safety. With rising crimes further fuelled by the pandemic aftermath, there is a need for a holistic safety solution that can stand guard to your everyday life. Be it your playful kids, old parents going out on a stroll, your dear wife coming home late from work or your daughter going for a late-night party.

With over 27 years of experience, protecting the nation, we have now designed holistic 360° safety solutions for you, your family and your sweet abode.

Our new Make Your City Safe services comes with impeccable CCTV technology, AI Analytics, combined with the human touch to create 4 levels of safety for you and your beloved family.

We have lived with fear long enough, and it's high time we humanise technology and move towards a safer living.

MYCS offers a broad gamut of CCTV Security Solutions at 'Zero Investment: Zero Management' including installation and maintenance of CCTV surveillance system backed by 24X7 Command Station. Our CCTV Systems provide end-to-end security solutions customized as per your needs, at a monthly service fee. We thank our 5000+ Housing Societies secured by MYCS initiative.
